

MULTIPLE LOCATIONS IN THE NORTHEAST

NORTRAX IS A JOHN DEERE CONSTRUCTION AND FORESTRY EQUIPMENT DEALER

Headquartered in Westbrook, Maine we have multiple locations throughout the northeastern region of the United States. Nortrax specializes in new and used equipment sales, equipment rental, and product support. Backed by a significant investment in inventory, Certified Parts Advisors and Factory Trained Technicians support all makes and models. Nobody goes further, digs deeper or tries harder to keep customers productive and profitable, every day. More information about Nortrax is available at www.nortrax.com.

JOHN DEERE'S STORY

John Deere was born in Rutland, Vermont on February 7, 1804. In 1837, John Deere, Blacksmith and inventor, had little more than a blacksmith shop, a discarded steel saw and an idea that would help farmers, changing the face of agriculture for all time. Today, Deere & Company is one of the world's most admired businesses and still dedicated to those who are linked to the land - farmers and ranchers, landowners, builders and loggers.
