

NORTRAX PRESENTS REP

Rental Equipment Protection

SIMPLIFY YOUR RENTAL EQUIPMENT PROTECTION

Get started by simply indicating on your rental agreement that you would like to take advantage of Nortrax Rental Equipment Protection. Nortrax takes care of the rest.

Under Rental Equipment Protection (REP), Nortrax will not hold you responsible for most causes of damage while the equipment is out on rent. In the event of a loss, the REP will cover the replacement or repair of the damaged equipment.

COVERED PERILS

Nortrax Rental Equipment Protection waives responsibility for more types of loss than most damage waivers. A short list of what REP covers includes, but is not limited to:

- Collision
- Fire
- Theft
- Vandalism
- Tornado
- Flood
- Earthquake
- Hail
- Wind

ADVANTAGES OF RENTAL EQUIPMENT PROTECTION

- No waiting for coverage through insurance company.
- Hassle free claims in the event of a loss.
- Claims will not affect your property & casualty premiums.
- If equipment is damaged, you are not liable to pay diminished value.

IN THE EVENT OF A LOSS

If the rented equipment is damaged while out on rent, contact Nortrax immediately. Failure to report serious damage could potentially invalidate the REP agreement. Customer is responsible for deductible stated in rental agreement.

WHY REP IS SO IMPORTANT:

If your insurance company does not pay replacement cost on rental equipment, you may be responsible for the difference between replacement cost and actual cash value.
